Resoived, That the honor and glory of the Republic, its continued peace, prosperity and progress will be the best served by the perpetuation and continued success of the Republican party. We declare our fidelity to its principles as expressed in the Ohicago platform of 1880, and as further embodied in its great history from its organization to the present time.

Resolved, That in the tragic death of President Garfield our country has suffered a deplorable loss, and the hepublican party mourns for one who commerciated a noble and heroic life to the vindication of its great purposes.

Resolved, That we have faith in the prudent and sagacious administration of President Arthur and believe it will result in promoting the best interests of the country.

Resolved, That the presence in our midst of a servile race of allens, incapable of assimilation with our institutions, is a perpetual menace to all classes of society. The relief extended to our people by the passage of a law excluding the Chinese by a Republican President, is a genuine cause of satisfaction. We are in favor of streamously enforcing the provisions of said law, and we pledge the Republican party to labor now and henceforth to secure such further egislation as will permanently exclude the Uninese.

Resoived, That we recognize the paramount interested the farmed and the provisions of said aw, and we pledge the Republican party to labor now and henceforth to secure such further egislation as will permanently exclude the Uninese.

Resoived, That we recognize the paramount importance of maintaining unimparted the free public school system of the State. We shall detend it against sectarini, political or other impropar influences, and we favor such additional legislation as the condition and wants of the common schools of the State may require. As free institutions they should be conducted as to satisfy poor and rich alike, and upon this principle we urge the adoption of some system by which this State shall turnish the text books at the lowest possible figure.

Recoived. That owing to the remote position of Nevada from the seaboard and the entire absence of navigable waters and competing lines of railroads to and from Congress such wholesome and effective legislation as will place our people on terms of equality in respect to transportation charges with communities specially invored by railroad monopolles.

Recoived, That we pledge the Republican party of Nevada to such a course of enlightened legislation as will extend to railroad and all other corporations doing business in this state the same protection and the same rights before the law as are accorded to individuals—no more and no less.

And further, that the Republican party
favors and demands, at the hands of the State
Legislature, legislation regulating and equalizing

Resolved, That we are in favor of the Government of the United States establishing a postal

Resolved. That it is the duty of the next Legislature to pass such laws as shall reduce the expenses of the State and county governments to the lowest possible limit consistent with the requirements of the public service.

Resolved. That the ennest attention of Congress and the State Legislature is directed to the subject of codifying the laws relating to the location and working of immeral lands to the end that legitlumist prospecting and the development of our chief source of wealth may be best promoted.
